

# *The Postcards*

Scotland's top 80s Indie, Alternative & Post-Punk Tribute Band. A unique set of your favourite classic songs from the coolest alternative bands. Orange Juice, The Cure, Simple Minds, Aztec Camera, Echo & the Bunnymen, REM, The Smiths, Joy Division and many more. Acclaimed, masterful vocals, trademark jangly guitars and an all-out rhythm section will have you singing along and dancing to the songs that saved your life!

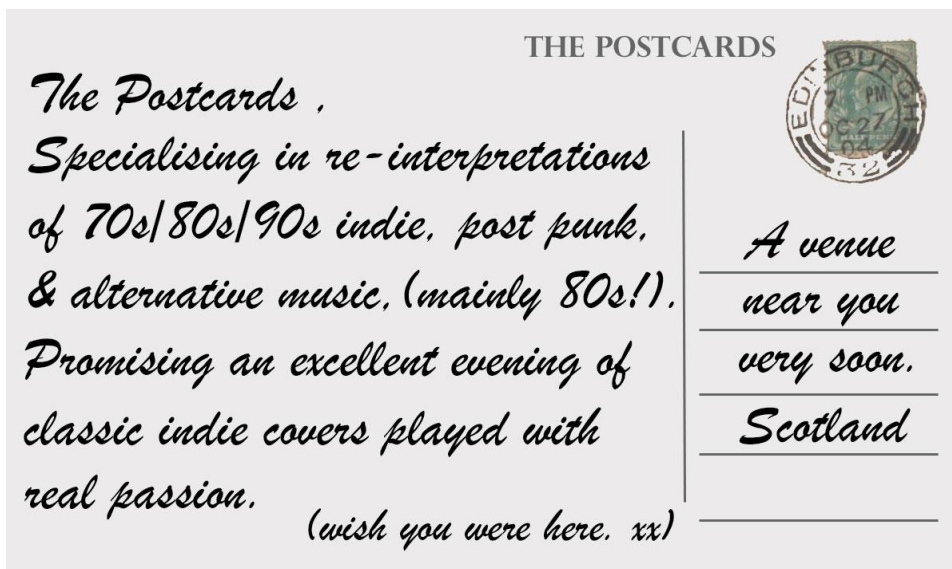

The world is full of people who remember when music was a way of life, not just a commodity, and love to hear the 'songs that saved their lives' back in the day. The Postcards days are the era of the great indie records that inspired such passion in them and you. They don't play the boring classic rock anthems or modern synthetic pop standards. Their unique set is full of indie songs the 'not so young' remember and love, but are familiar to, and well received by all ages.

# The Postcards

The Postcards are experienced and passionate musicians, determined to put on a unique show that appeals to both indie aficionados and those out for a great time with downright good music. We tailor our set to suit the occasion, attendees and venue ... we aim to have ourselves just as much fun as our fabulous audiences!

High Quality versions of all pictures in the pack and on our website are available [on request](#). You are welcome to use any of the words, pictures and other contents of this pack and our website for the purposes of promoting The Postcards.

Regards,

**The Postcards. xx**
